Instruction ON-LINE

Safety Zone and AAA Hoosier Motor Club joined to offer the best online course and instructional driving hours available across the state. In this course, students will complete 40 different chapters broken down into 12 units of online instruction. Each chapter has a quiz that requires a student to pass at 80 percent before moving to the next unit. According to Indiana regulations, only three hours of online instruction (approximately 1 unit) can be completed in a calendar day. Once all the units are completed, students will have the opportunity to take three practice exams where they will be able to review their incorrect answers. Once the practice exams are completed, students will complete a final exam, of which they must achieve at least an 80 percent in order to pass. **Students have up to 120 days to complete the online course but may move through the program in as little as 10 days.** Once the online course has been successfully completed and the final exam passed, a certificate of completion will be mailed to the student. The certificate must be presented to the driving school where the behind-the-wheel training will be completed.

Completing 6 Hours of Supervised Driving

Once a student has a *Driver's Education Permit*, he/she may begin scheduling his/her supervised driving sessions. Sessions are scheduled on a first come first serve basis. All appointments are firm. Students will be charged a \$30 No-Show Fee for being absent (without 24 hours' notice), tardy (15 minutes or more), wearing inappropriate footwear (flip-flops), or not carrying their permit.

Note: Student's may also practice driving with a parent, step-parent or guardian who has their driver's license and is seated in the front passenger seat.

Now that Driver's Ed. is completed...

Students are eligible to take their driving exam with us for **\$30** if they earn a score of 80% or higher on both their classroom instruction and driving lessons. The driving test waiver can be taken directly following the completion of their driver's education program.
